

# GOOD TOUCH BAD TOUCH

## How to tell the Difference

### Touches and Feelings

What do they mean?

### GOOD TOUCH

- A good touch for me is when someone gives me a hug and says hi.

### BAD TOUCH

- Bad touch for me is when someone hits me.
- Or touches me when I don't want to be touched.
- Or touches me, where I don't want to be touched.

How many of us like hugs, kisses, & touches from people we know, love, and trust?

How about those same kinds of touches from people we do not know, do not like, or do not trust?

When we get touches, we get feelings inside.

- Good touches give us good feelings.

Sometimes touches can give us bad feelings inside.

- Sad
- Frightened
- Unloved
- Unwanted

### Tickling

- Sometimes even when we think tickling is a good touch it can become a bad touch.
- Good! Now if you like to be tickled then give a thumbs up and if you do not like to be tickled then give a thumbs down.

### You make the call !!!

- If you get a touch you do not like what is it called?
- A Bad Touch!!

No one should touch our private body parts except, our parents, grandparents or doctors. They do that to keep us clean or healthy.

### If someone gives you a bad touch then who can you tell?

- Parents
- Grandparents
- Teacher
- Other trusted adults

### There are parts of our bodies which are good to touch

### There are parts of our bodies which we might not like people to touch

### There are some parts of our bodies which are bad to touch.

These are private parts and we should not touch anybody there or have them touch us there.

### Touching Rules

- No one should ever touch your private parts except to keep you clean or healthy.
- Never agree to keep it a secret.
- Tell someone you trust.
